

1. Place the wall-mounted backboard at a suitable position on the wall, mark the holes to be installed on the wall and the backboard with a marker, and then drill holes on the wall with an electric drill.

(Recommended wall installations: brick walls, cement walls, some solid wood walls. Not recommended for installation: hollow gypsum board walls, solid wood board walls, drywall.)

(Drill to a depth of 60mm using a 6mm diameter drill bit)

2. After the drilling is completed, insert the expansion plug into the wall hole, place the wall-mounted backboard, and insert the self-tapping screw into the position where the wall hole connects to the backboard hole. Tighten the screws with a screwdriver.

3. Put the TV cabinet on the wall-mounted backboard.

4. Installation complete.

Assembly instructions

TS8236 Installation
The number of people needed for installation: 2
